8:30 AM

REGISTRATIONS

9:00 AM

HOW TO... implement the latest developments in employment law in your organisation

In this session we will discuss the evolution of the employment and industrial law landscape over the last 12 months, and unpack the most recent legislative amendments, case law developments and trends impacting Australian workplaces.

10:00 AM

HOW TO... draft robust employment agreements

Well-drafted employment agreements are a critical risk management tool for any workplace. In this session, we will examine common drafting pitfalls and recent court decisions that have impacted the way contracts are drafted. We will focus on what you need to know to create agreements that are legally sound, commercially practical, and tailored towards workplace needs.

11:00 AM

MORNING TEA

11:30 AM

HOW TO... negotiate effective enterprise agreements

Enterprise bargaining requires both strategic planning and careful legal compliance from employers. In this session, we will discuss how employers can negotiate strong enterprise agreements with their workforces and share practical insights and tips to assist employers with the bargaining process.

12:30 PM

LUNCH

1:30 PM

HOW TO... prevent artificial intelligence damaging your organisation

Artificial intelligence is transforming the way recruitment, performance management, disciplinary processes and even decision making is conducted, however it also introduces a whole new range of legal risks. In this session, we will discuss how employers can manage the use of artificial intelligence in the workplace to maximise innovation, whilst minimising legal exposure and abuse by employees and applicants.
